what your man don't know won't hurt him(4x)

what your man don't know won't hurt him(4x)
your my little secret
and that's how we gon keep it
never let 'em know

about us about us

yea, i think it's time to move on
you should dump that dude and come sit on the throne
and imma treat you like the queen you are
you the best i ever had, by far now come & chill with a star
aye(3x), i think i really feel you
fellin light around ya dude
i tell him i'm bout to steal her
yellow & black diamonds got me feelin like a steeler
but i won't write that dude
until i all the way seal her

so he can feel real played
while we chillin at the beach in the shade
sippin on lemonade
are you miss miami day
and when you become mine
we havin a parade
but for now

what your man don't know won't hurt him(4x)
your my little secret
and that's how we gon keep it
never let 'em know
never let 'em know
about us about us
