

Dawn Richard

[Verse 1:]

Somethings change babe  
 Somethings stay the same  
 Sometimes love wins  
 Sometimes it's a losing game  
 Tried to do it the easy way but  
 You seen how big my heart was  
 Had my share of hurricanes the  
 Proof is in the blood[Hook 1:]

But I can't run

Away from love

(I can't)

I can't front

You're the one

(You know your the one)[Verse 2:]

Say you can't go back

The way you came

(Same way that you came uh)

Been so busy fighting

Couldn't see it right in my face

Light at the end hit me

Like a run away train

But you drew me in like

A moth to a flame[Hook 2:]

I guess I'll give it up

All for love

(I'll give it all for love)

I couldn't see it coming

Was too closed off

(I was too closed off)[Hook 1:]

But I can't run

Away from love

(You'll never see me running)

I can't front

(Can't front)

You're the one[Verse 3:]

I put my hands up

Surrender

86 on pretending

Heart is unlocked so enter  
Defenses are down I'm ready  
To love[Hook 3:]  
I guess I'll run  
Straight to love  
I can't front  
(I can't front)  
You're the one[Hook 2:]  
I guess I'll give it up  
All for love  
I couldn't see it coming  
Was too closed off[Hook 1:]  
But I can't run  
Away from love  
(You'll never see me running)  
I can't front  
(Can't front)  
You're the one
