Your Old Cold Shoulder

Crystal Gayle

There ain't nothing colder
Than your old cold shoulder
And it's gettin' colder
Like every kissYou say it's not over
Over and over
But your old cold shoulder
Tells me it isWhat we had we don't no more
We can't feel it anymore
I thought a love like
Ours could never dieBut you get colder every day
Every night you turn away
You couldn't say it
Any plainer if you tried'Cause there's nothing colder
Than your old cold shoulder
And it's gettin' colder
Like every kissYou say it's not over
Over and over
But your old cold shoulder
Tells me it isBut your old cold shoulder
Tells me it is
