Make Up Your Mind

Stiv Bators

(Quinton)
when i get the nerve to walk on by
they come and get me
i never told the truth, i never lied
they listened to me
all the times i laughed at her
she never said a single word to me
cause she knew me
well i can't waste my time
make up your mind
i lost determination fast
i was the loser
getting sick of finishing last
i'm always the loser
tonight i'm gonna try
i'm gonna ask the questions why
but i... can't decide
make up your mind
