

Everybody Calls Me Lonely

The Superjesus

I know that it's more
Than you'd care for me to ever tell you
 But I left what I thought
 Was all that I could ever sell
To anyone who gave anything to keep it all alive
 And if I say to you that I wanted to
You'd know that I lied causeEverybody calls me lonely
 I was trying to say I'm only
 Close enough to walk away
 It kills me everyday
 And I could take to living
 All the days that I've been given
 I could almost walk away
 It kills me everydayYou'd try to be sure
 But there's no safety in the meaning
 If I'm right then it's more
 Than just a temporary feeling
I don't know and now I don't care to keep it all alive
 And if I say to you that I wanted to
 You'd know that I lied
 You could be rightEverybody calls me lonely
 I was trying to say I'm only
 Close enough to walk away
 It kills me everyday
 And I could take to living
 All the days that I've been given
 I could almost walk away
 It kills me everydayYou could be rightEverybody calls me lonely
 I was trying to say I'm only
 Close enough to walk away
 It kills me everyday
 Don't try and say you need it
 Never taking the time to see it
 I could almost walk away
 It kills me everydayNow I could stay forever
 And I know that I would never
 Never try to walk away
 It kills me everyday
 Everybody calls me lonely

I was trying to say I'm only
Close enough to walk away
It kills me everyday
