Youth

Kensington

Oh, we saw you change over time
And it shows
It shows you're far from fine
And now you know
You know it's nobody's fault but your own
What went wrong?You're not getting
You're not seeing
Why is everybody leaving?
So alone here
So alone here
You're not planning on achieving
Anything that you believe in
You're so alone here
So alone hereGo on and hide for yourself
Cause you know
You know you're far from fine
And you'll go
You'll go out all by yourself
You don't know
No, you don't know
What went wrong?What went wrong?You're not getting
You're not seeing
Why is everybody leaving?
So alone here
So alone here
You're not planning on achieving
Anything that you believe in
You're so alone here
So alone hereYou're so alone here
So alone here
