

# Factory Girl

## Robin Flower & Libby McLaren

Waiting for a girl who's got curlers in her hair  
Waiting for a girl she has no money anywhere

    We get buses everywhere  
    Waiting for a factory girl

Waiting for a girl and her knees are much too fat  
Waiting for a girl who wears scarves instead of hats

    Her zipper's broken down the back  
    Waiting for a factory girl

Waiting for a girl and she gets me into fights  
Waiting for a girl we get drunk on Friday night

    She's a sight for sore eyes  
    Waiting for a factory girl

Waiting for a girl and she's got stains all down her dress

Waiting for a girl and my feet are getting wet

    She ain't come out yet  
    Waiting for a factory girl
