I Love My Life

Justice Crew

[chorus]
I got a drink in my hand and my hommies do too
The vibe is in the air I feel it
And all I know is these girls look good
The nights are young I can't believe it
I love my life
I love my life
I love my life
I love my lifeAs long as she's wearing a sundress
And she smiles when I tell her hello
As long as my whip still goes fast
And there's a little bit of hen in my coke
Than hell yeah
I guess I cant complain
Hell yeah
As long as I can say
[chorus]
I got a drink in my hand and my hommies do too
The vibe is in the air I feel it
And all I know is these girls look good
The nights are young I cant believe it
I love my life
I love my life
I love my life
I love my lifeIt doesn't take too much to please me
It doesn't take too much at all
As long as my beats still down low
And my hommies pick up when I call
Than hell yeah
I guess I cant complain
Hell yeah
As long as I can say
[repeat chorus]
I got a drink in my hand and my hommies do too
The vibe is in the air I feel it
And all I know is these girls look good
The nights young I cant believe it
I love my life
I love my life

I love my life
I LOVE MY LIFE
