In the Morning

Ben Lee

hear the moanin in the mornin,
you were there and you felt things get strange,
early in the mornin.
you look, you listen, learn your lesson,misery is too depressing, hey,now you learn your lesson.
but you'll forget, you'll forget,
when you're lonely, you'll forget,
you'll forget, when you're lonely,
hey desire, hey desire,
you'll forget.
please protect me from the things im wanting.this is a recording.lose it if you break it.
love's a game where rules just complicate it.
here's a secret, here's a secret,
but you'll forget, you'll forget,when you're lonely, you'll forget,
you'll forget, when you're lonely,
when you're lonely, you'll forget,
you'll forget.you'll forget, you'll forget,
you'll forget, when you're lonely,
you'll forget.
