

Back In Your Face

Def Leppard

Hey
Hey
Hey I'm back in your face
Like I've never been away
I'm back in your face
And it's where I'm gonna stay
Like a runaway Mack
Like a Union Jack
I'm backHey
Hey
I can stand tall
I can stick out a mile
I can come crawlin' like a hungry reptile
I'm comin' around
I'm wired for sound
Shakin' it for all it's worth
I'm a spaced out alien, a techno sapien
Crashin' on down to earthI'm back in your face
Like, I've never been away
I'm back in your face
And it's where I'm gonna stay
Like a runaway Mack
Like a union Jack
I'm backHey
Hey
I can pour your drink
Be the perfect host
I can scare the pants off the holiest ghost
I'm comin' around
I'm wired for sound
Shakin' it for all it's worth
I'm a spaced out alien, a techno sapienCrashin' on down to earthI'm back in your face
Like, I've never been away
I'm back in your face
And it's where I'm gonna stay
Like a runaway Mack
Like a Union Jack
I'm backBack in the middle, back in the ring
Backin' a winner, it's a sure shot thing

Back in your good books I did you no wrong

Here I am, honey

I'm back where I belong

Belong, belong, belong(Hey)

(Hey)

I'm back

Well, I'm back

(Hey)

Yeah, I'm back

(Hey)

You better believe that

I'm back

(Hey)

Now lemme tell you

I'm back

(Hey)

Can't you see that

I'm back

(Hey)

Come on and do it

I'm back

(Hey)

There's nothing to it

I'm back I'm back in your face

Like I've never been away

I'm back in your face

And it's where I'm gonna stay

Like a runaway Mack

Like a Union Jack

I'm back in your face And don't it feel so good

I'm back in your face

Just like I knew that it would

Like a runaway Mack

Like a Union Jack

Sheer heart attack

And a jumpin' jack flash

Like a leader of the pack

And as a matter of fact

I'm back
