

City 2 City (feat. Belle Humble)

Zomboy

City to city, we're stepping on the same ground
Make it loud, come listen to the sounds like
Whoa, whoa
Open our eyes if you're dying in the sunlight
Try try, but don't always get it right like
Whoa, whoa.....City to city, we're stepping on the same ground
Make it loud, come listen to the sounds like
Whoa, whoa
Open our eyes if you're dying in the sunlight
Try try, but don't always get it right like
Whoa, whoa.....City to city, city to city...
