

# Electric (2010 Remaster)

## Madrugada

pack your bag  
run away  
along a freeway  
out of town  
where the land  
and the mind  
it's over  
it's alright from despair  
dream the sheets  
spilling over  
spinning round  
waiting still  
in the street  
ain't it better  
ain't it sweet  
oh oh  
holding holding on to you again  
holding holding on to you again  
don't rush it  
don't rush it my love  
oh  
holding holding on to you bet you lie  
on your back  
in the backseat  
of his car  
cattle black  
pepper night  
dylan thomas  
passed around  
passing out  
on the floor  
in the bathroom  
black light veil  
we don't need  
once again  
sing their songs and drink their wine  
oh well how long did you stay there  
well I can believe my eyes  
well how long will I take this

well I can hold on, no hold onholding holding on to you again

holding holding on to you again

I'm ready

I'm ready my love

holding holding on to you
