## Grave Digger

Avalon  
Avalon On the way to Avalon  
Excalibur will go on  
Saved from the evil, true to the drake  
Kept by the lady of the lake Screaming, bleeding, dying  
Screaming, bleeding, flying Avalon, enchanting land of fairy tales  
Avalon, heavenly mysteries are unveiled  
Avalon, close your eyes and just dream on  
Avalon, giving shelter from the storm Sail away into the misty gray  
Under escort of Morganne Le Fay  
Silently sliding on the sea  
Abandoning mortality Screaming, bleeding, dying  
Screaming, bleeding, flying Avalon, enchanting land of fairy tales  
Avalon, heavenly mysteries are unveiled  
Avalon, close your eyes and just dream on  
Avalon, giving shelter from the storm Avalon  
Avalon Screaming, bleeding, dying  
Screaming, bleeding, flying Avalon, enchanting land of fairy tales  
Avalon, heavenly mysteries are unveiled  
Avalon, close your eyes and just dream on  
Avalon, giving shelter from the storm
