You'll Find Your Way

Andrew Peterson

When I look at you, boy
I can see the road that lies ahead
I can see the love and the sorrowBright fields of joy
Dark nights awake in a stormy bed
I want to go with you, but I can't followSo keep to the old roads
Keep to the old roads
And you'll find your wayYour first kiss, your first crush
The first time you know you're not enough
The first time there's no one there to hold youThe first time you pack it all up
And drive alone across America
Please remember the words that I told youKeep to the old roads
Keep to the old roads
And you'll find your way
You'll find your wayIf love is what you're looking for
The old roads lead to an open door
And you'll find your way
You'll find your way
Back homeAnd I know you'll be scared when you take up that cross
And I know it'll hurt, 'cause I know what it costs
And I love you so much and it's so hard to watch
But you're gonna grow up and you're gonna get lost
Just go back, go backGo back, go back to the ancient paths
Lash your heart to the ancient mast
And hold on, boy, whatever you do
To the hope that's taken hold of you
And you'll find your way
You'll find your way
If love is what you're looking for
The old roads lead to an open door
And you'll find your way
You'll find your way
Back home
