

Tell Me

Jon B

These days, I don't know what to do with myself
I ain't even concerned about my health
And I can't even seem to eat
I haven't got a good sleep since the other day
When you went away
These times hurt my soul so bad
'Cause you can't seem to let yourself just bounce back
We think too much about the things we said in the past
When we both wasn't thinkin'
And the words came out too fast
If this isn't what you want then tell me girl
My angel why do we fight so much?
If you can't decide right now
Do you need some time?
Do you miss the way we used to kiss?
The way we used to touch
Baby, all we do is live in Limbo in and out
Lately, I just don't know
If this isn't what you want then tell me girl
Baby, please don't hang up I really need you
But I can't be your man if you cut me down
If you say I'm just a fool
Am I suppose to stick around
And I know I also say hurtful things
Like I don't want you no more
But the truth is I don't know where to go
If I walk through that door
And this time, it hurt my soul so bad
'Cause I can't let myself just bounce right back
We think way too much 'bout them times in the past
Now I don't know, why we can't make the good times last, oh

I learn too much about the way I feel
When you're gone away and I can't see you
Ooh, you're all I want
But I don't want to fight no more
If this isn't what you want then tell me girl
My angel, why do we fight so much?
If you can't decide right now

Do you need some time?
Do you miss the way we used to kiss
The way we used to touch?
Baby, all we do is live in Limbo in and out
Lately, I just don't know
If this isn't what you want then tell me girl
If this isn't what you want then tell me girl
My angel, why do we fight so much?
If you can't decide right now
Do you need some time?
Do you miss the way we used to kiss
The way we used to touch?
Honey, all we do is live in Limbo in and out
Lately, I just don't know
If this isn't what you want then tell me girl
I know we said a lot of things we didn't mean
But I need you to tell me, what you want?
If this isn't what you want girl
If it's not what you want
Ain't no, ain't no reason
To bother yourself, baby
