Say It Again

C21

I can't believe
that were sitting here
it's like a dream come true
after all these yearsI've been looking for love
in every possible place
searching for an answer
in every strangers faceI didn't know what to do
or where to go
but you were here all the time
you stole my heart
you opened up my eyes
baby you changed my lifeSay it again one more time
those three little words that'll change my life
say it again say I love you
say it today and tomorrow to
say it forever
say that you love me againAnd I have been foolish
so many times
I wasn't to carefull
with this heart of mineI had a dream
of an honest heart
of a full commitment
right from the startSomeone up there
must have heard my prayers
and somehow send you my way
I give you my heart
I give you my soul
I give you my night and daySay it again one more time
those three little words that'll change my life
say it again say I love you
say it today and tomorrow to
say it forever
say that you love me againSay that you'll love me again
