The Enemy

Dreamlore

I come in late with no surprise
You're standing at the door with those angry eyes
You stayed up late just to start this fight
But my ears are getting tired, think I'll call this a night
You keep on talking, but I'm not listening
I'll be the first to say I'm sorry, just to put this to end [x2]
I know that it's strange that straight to this very day
I'll be the only one to say that I'm sorry without you
You know it isn't real, don't make it a big deal
I'll be the only one to sing that I'm sorry without you
(Sorry, I'm sorry, I'm sorry without you)
(Sorry, I'm sorry, I'm sorry without you)
You're always chiming in with your this and that
Your crying at my door like a pussy cat
I thought that it was over and that was that
But you insist to persist me, irrational enemy

You keep on talking, but I'm not listening
I'll be the first to say I'm sorry, just to put this to end [x2]
I know that it's strange that straight to this very day
I'll be the only one to say that I'm sorry without you
You know it isn't real, don't make it a big deal
I'll be the only one to sing that I'm sorry without you
Appreciate, validate, sleeping with the enemy
Honest, honest, honest, this is the way we play [x2]
Appreciate, validate, sleeping with the enemy [x2]
I know that it's strange that straight to this very day
I'll be the only one to say that I'm sorry without you
You know it isn't real, don't make it a big deal
I'll be the only one to sing that I'm sorry without you [x2]
Appreciate, validate, sleeping with the enemy
Honest, honest, honest, this is the way we play [x2]
