# Something Wonderful (feat. Ana Zimmer)

## Fakear

Wait and see what is on the other side
Trust in me, live it all, make it golden
Why shouldn't we run over these steps and rise?
'Cause you got, you got nothing to lose, you got it all in me
There'll be ups and down, highs and lows
In the darkest fire, you'll make it snow
You got this, baby, you got this
Keep on trying hard, don't take it slow
You'll be breaking the walls, it'll make it glow
You got this, you got this
There's something wonderful
Wait a minute, wait a while, I'm scared of falling after all
Take me where I shouldn't hide, if I got nothing, nothing to lose
I wanna see what is on the other side
If I got nothing, nothing to lose, I'll have it all, I'm in
There'll be ups and down, highs and lows
In the darkest fire, you'll make it snow
You got this, baby, you got this
Keep on trying hard, don't take it slow
You'll be breaking the walls, it'll make it glow
You got this, you got this
There's something wonderful
