

# Desecrate Through Reverence

## Avenged Sevenfold

Hard news, taken harder, don't look to me  
Disappointed, we don't agree, I don't need your praise  
From the beginning you came to me  
Never asked you to like me  
I don't want your praise Look down on me, spit in my face  
You're nothing to me, not to me Darkened eyes you'll see  
There is no hope, no savior in me  
Learned from years gone by, no one will care  
What happens to me My presence won't be ignored, no not today  
Don't walk in my direction, turn the other way  
From the beginning you came to me  
Asking questions, predetermined answers  
You won't find them here And I don't want you, I won't let you think  
Compromise is near 'cause it's not near Darkened eyes you'll see  
There is no hope, no savior in me  
Learned from years gone by, no one will care  
What happens to me I'm alone in here  
No more feelings  
Killed my fears  
Don't ask you'll never know  
You're left behind and I'll be exposed Far away, you keep on trying  
Holding me down, breaking away  
Trying to distance my life  
Not one in the crowd, but one with the answer  
The one that can change your mind But it's not true, I don't need you  
Don't waste your time and don't waste mine  
I'm not your friend, I won't soothe your soul  
And in the end you're all dead to me
