

Always Love Her

Green River Ordinance

I'm the kinda guy that likes that kinda girl
She's the kinda girl that likes this kinda guy
We fit together like sun tan in the summer
What we got, no one can deny You can't have one without the other
When it comes to her, I know there ain't no other
But look at us, and yeah you'll see
We better together, we weather, whatever, forever
And now my friend is why I'll always love her
She's a little bit of grace on Sunday morning
Imma tall glass of whiskey on Friday night
We fit together like cornbread and butter
Yeah and what we got gets better over time You can't have one without the other
When it comes to her, I know there ain't no other
But look at us, and yeah you'll see
We better together, we weather, whatever, forever
And now my friend is why I'll always love her Hell on water, she'll always be mine, all mine
Sending my loving, whether it's rain or shine
Baby don't worry, it's gonna be all alright
Alright
Hell on water, she'll always be mine, all mine
Sending my loving, whether it's rain, or shine
You can't have one without the other
When it comes to her, I know there ain't no other
But look at us, and yeah you'll see
We better together, we weather, whatever, forever
Our love is arising, and it gets you so high, it a leisure
We better together, we weather, whatever, forever
And now my friend is why I'll always love her
