

# New Day

## Karnivool

How did they find me?  
How did they know?  
This misconception of fate  
I'm about to let go

Awake in a new light, I'm  
Alone in this room  
Heavy at heart, it may be a lie  
You will not see me

It's a new day  
(Why did they follow me home?)  
It's a new day

One  
More  
Step, it's  
Here waiting for you, now  
Go  
Slow, take your time

Leave  
No  
Mark  
You lost your way  
I hope you're watching me

One  
More  
Step, it's  
Here waiting for you, now  
Go  
Slow, take your time

Celebrating  
For the one so free  
You lost your way  
No-one held you back from me

How do you all

Speak  
With a lying tongue?  
How do we all  
Sleep  
With a dying sun?

Sit down  
Lighten your own  
This storm is coming  
You should stay home  
But I feel warm

Hey, let's get lost in the crowd, while  
Searching for something worth holding  
Hey, let's get still lost in the crowd  
I'll show you so much more  
Much more  
So much more  
So much more

Are we waiting?  
For the savior?  
Someone to heal this  
Or erase us

How did they find me?  
How did they know?  
This misconception of fate  
I'm about to let go

Awake in a new light, I'm  
Alone in this room  
Heavy at heart, it may be a lie  
You will not see me

It's a new day  
It's a new day  
It's a new day

Are we waiting?  
For the savior?  
I'm so sick of waiting  
I've been waiting my whole life

This is a new day  
This is a new day

This is a new day
