Beg For Mercy

Oceans Divide

Hard to believe you were so deceiving
Left for dead I was barely breathing
Blinded by all the hate inside of all these memories
God it was tragedyI want to watch you suffer
Like you watch me burnYou'd better be crawling
Show me that you really want it
Sending all your excuses
Tell me that you're sorry and don't mean it
Fall down to your knees
And prove to me you're not the same
Beg for mercySee you leave you're so self defeating
This knife in my back still keeps me bleeding
Your wicked lies every compromise
If only you could see all that you took from meI want to watch you suffer
Like you watch me burnYou'd better be crawling
Show me that you really want it
Sending all your excuses
Tell me that you're sorry and don't mean it
Fall down to your knees
And prove to me you're not the same
Beg for mercyYou'd better be crawling
Show me that you really want it
Sending all your excuses
Tell me that you're sorry and don't mean it
Fall down to your knees
And prove to me you're not the same
Beg for mercyI want to watch you suffer
Like you watch me burn
Beg for mercy
I want to watch you suffer
Like you watch me burn
Beg for mercy!
