

# A Town Called Hypocrisy

## Lostprophets

Can you take this broken boy  
And put the pieces back as one?  
Though he has all of his toys  
He is never having fun  
Because it's not enough  
Now we're growing up  
We are giving up  
We are moving on  
Because it's not enough  
We were growing up  
We are giving up  
And I won't hear what you say so  
Save your sympathy  
Who do you think you're fooling?  
Everything is dead  
Now you welcome me to a town called hypocrisy  
Save your sympathy  
Who do you think you're fooling?  
Everything is dead  
Now you welcome me to a town called hypocrisy  
Town called hypocrisy  
Can you take this lonely girl?  
I pick her up from off the ground  
'Cause there's no pride, to be found  
When you follow sheep around  
And no future here, no future for us in this town  
Because it's not enough  
Now we're growing up  
We are giving up  
We are moving on  
Because it's not enough  
We were growing up  
We are giving up  
And I won't hear what you say so  
Save your sympathy  
Who do you think you're fooling?  
Everything is dead  
Now you welcome me to a town called hypocrisy  
Save your sympathy

Who do you think you're fooling?  
Everything is dead  
Now you welcome me to a town called hypocrisy  
Because it's not enough  
Now we're growing up  
We are giving up  
We are moving on  
Because it's not enough  
We were growing up  
We are giving up  
And I won't hear what you say so..  
Save your sympathy  
Who do you think you're fooling?  
Everything is dead  
Now you welcome me to a town called hypocrisy  
Save your sympathy  
Who do you think you're fooling?  
Everything is dead  
Now you welcome me to a town called hypocrisy
