Breathe Into Emptiness

Crown The Lost

False direction
Amidst your false assumptions
Manipulating, disorder and chaos come to ruleTrivial ways to dishonor
Remedial truths come to pass
Feed your callousness
Trust your hastinessNo one stands beside you
Breathe into emptiness
The burden of isolation
Breathe into emptinessArrogance
Hands of a supposed martyr
Straight and true, you undermineTrivial ways to dishonor
Remedial truths come to pass
Feed your callousness
Trust your hastinessNo one stands beside you
Breathe into emptiness
The burden of isolation
Breathe into emptiness
The ones you know despise you
Breathe into emptiness
The ones you trust deny you
Breathe into emptinessWho are you to question?
Question those who see the other way
Bitter redemption
The mirror poses truth, you cannot hideBreathe into
Breathe into emptiness
Breathe into
Breath into emptiness
