Rock Bottom

Daniel Antopolsky

Iâ€™m just a renegade, a lonesome renegade
Hidinâ€™ in the shadows, slippinâ€™ on thin ice
Caught in a crossfire between the day and night
Cut lose from the lower realms
Now Iâ€™m runninâ€™ for my life

Rock bottom, rock bottom
Itâ€™s not your fault I gave myself two black eyes
Rock bottom, rock bottom, rock bottom
Cannot help but hopinâ€™ together we will fly
Cannot help but hopinâ€™ together we will fly

Every single day, I fall into a rut
Every bite I eat just rumbles in my gut
Every part I play is just a play apart
Of how to always get it wrong, and how to never get it right
And lose before you start

Rock bottom, rock bottom
Itâ€™s not your fault I gave myself two black eyes
Rock bottom, rock bottom
Cannot help but hopinâ€™ together we will fly

Once I had a heart throb, her name was Emily
Never would that sweet thing take me seriously
I bought tickets for a cruise ship to sail upon the sea
She jumped right off that gang plank and she waved good-bye to me

And if you lost your Emily, if you lost your home
If weâ€™re kicked out in the street where the hit-dog howls and moans
That donâ€™t mean itâ€™s over friend, each dayâ€™s a brand new deal
Oh that donâ€™t mean itâ€™s over, each dayâ€™s a brand new deal
From crawl to walk, to run to jump
From crawl to walk, to run to jump, to fly, fly, fly, fly
Weâ€™re gonna fly, fly, fly, fly

Rock bottom, rock bottom
Itâ€™s not your fault I gave myself two black eyes
Rock bottom, rock bottom,
Cannot help but hopinâ€™

Oh cannot help but hopinâ€™
Together weâ€™re gonna fly
Weâ€™re gonna fly, fly, fly, fly, fly
