

Rosa Dear

Ruth

(Verse 1) Sometimes when you're feeling young,
And you're feeling tough and you're all caught up,
But you don't walk right and you don't talk right,
And there ain't nothing wrong with feeling strong,

But-(Pre-Chorus)

I know what you're going through,
I know 'cause I've been there too,
I don't walk right,
And I don't talk right,
And there ain't nothing wrong with feeling strong,

But-(Chorus)

I wanna be there for you honey,
Working my job and making money.

I wanna cool for you, baby

But I, I'm just a fool for you girl

But, you know you're my world.(Verse 3)

Last week I was climbing a tree.

I lost my footing, I fell thirty feet

And I don't walk right,

And I don't talk right,

And there ain't nothing wrong with feeling strong,

But-(Pre-Chorus)

I know what you're going through,

I know 'cause I've been there too,

I don't walk right,

And I don't talk right,

And there ain't nothing wrong with feeling strong,

But-(Chorus)

I wanna be there for you honey,
Working my job and making money.

I wanna cool for you, baby

But I, I'm just a fool for you girl

But, you know you're my world.(Bridge)

I wanna cool for you, baby

But I, I'm just a fool for you girl

But, you know you're my world. I want you next to me,

I said "I do", I said "I do".

In sickness or health, always be true, always be true. I want you next to me,
I said "I do", I said "I do". I wanna be there for you honey,

Working my job and making money.(Outro)

You know [x8]

Don't you know?

You know [x3]

You're my whole world
