

# Spinnin' Around (Whirlwind Remix)

## Jump5

I was thinkin' 'bout it yesterday, I was thinkin' 'bout tomorrow,  
In a dizzy kinda sorta way, like vertigo.  
I've been tryin' hard to figure out, but it's drivin' me crazy,  
Well, you'd think I'd know by now,  
A is last, Z is first, Living life in reverse 'cause that's the way it works! Spinnin' around I've got this funny  
feeling,  
Turnin' my whole world upside down.  
I'll keep my heart, my eyes on You 'cause You keep me spinnin' around,  
Spinnin' around. What we're doing doesn't have a sequel, don't want to lose your balance.  
Oh, you know you gotta keep your equilibrium.  
Goin' back to go forward, all these definite maybe's, it's like running around in circles Make it last, take it slow,  
just forget what you "know" 'cause that's the way it goes Spinnin' around I've got this funny feeling  
Turnin' my whole world upside down  
I'll keep my heart, my eyes on You 'cause You keep me spinnin' around,  
Spinnin' around. Every now and then I feel Your peacefulness surround me  
Then once again it all goes up and down and over under 'round and around Go, Go, Go, Jump, Jump, Go, Go,  
Go, J5  
Spinnin' around, oh yea, yea  
Upside down, oh yea, yea  
J5 in the house, hey  
Jump, jump, jump, jump, jump, jump Turnin' turnin' upside down-down  
'Cause You're spinnin' spinnin' spinnin' me around-round  
Go-jump-go-jump-go-jump-go-jump  
Spinnin' around, that's the way it works Take it slow and not so fast (fast)  
Z is first and A is last (last)  
Up and down, all around (hey, hey)  
Turnin' my whole world upside down Oh yeah, it's not the take, it's the give,  
Yes that's the way, okay, the way it is Spinnin' around I've got this funny feeling,  
Turnin' my whole world upside down.  
I'll keep my heart, my eyes on You 'cause You keep me spinnin' around.  
Spinnin' around I've got this funny feeling,  
Turnin' my whole world upside down.  
I'll keep my heart, my eyes on You 'cause You keep me spinnin' around.
