

Deja Vu

Dionne Warwick

This is insane all you did was say, 'Hello'
Speak my name
Feeling your love, like a love I used to know
Long agoHow can it be, you're a different space and time
Come to me
Feel like I'm home in a place I used to know
Long agoDeja vu
Could you be the dream that I once knew, is it you?
Deja vu
Could you be the dream that might come true? Shinin' through
I keep remembering me, I keep remembering you
Deja vuThis is divine, I've been waiting all my life
Filling time
Looking for you, nights were more than you could know
Long agoCome to me now, we don't have to dream of love
We know how
Somewhere before, it's as if I've loved you so
So long agoDeja vu
Could you be the dream that I once knew, is it you?
Deja vu
Could you be the dream that might come true? Shinin' through
I keep remembering me, I keep remembering you
Deja vuDeja vu
Could you be the dream that I once knew, is it you?
Deja vu
Could you be the dream that might come true? Shinin'
