Deja Vu

Dionne Warwick

This is insane all you did was say, 'Hello'

Speak my name

Feeling your love, like a love I used to know

Long agoHow can it be, you're a different space and time

Come to me

Feel like I'm home in a place I used to know Long agoDeja vu

Could you be the dream that I once knew, is it you?

Deja vu

Could you be the dream that might come true? Shinin' through I keep remembering me, I keep remembering you Deja vuThis is divine, I've been waiting all my life Filling time

Looking for you, nights were more than you could know
Long agoCome to me now, we don't have to dream of love
We know how

Somewhere before, it's as if I've loved you so So long agoDeja vu

Could you be the dream that I once knew, is it you?

Deja vu

Could you be the dream that might come true? Shinin' through
I keep remembering me, I keep remembering you
Deja vuDeja vu

Could you be the dream that I once know is it you?

Could you be the dream that I once knew, is it you? Deja vu

Could you be the dream that might come true? Shinin'
