

# Can I Have a Kiss

Kelly Clarkson

Excuse me for this, I just want a kiss  
I just wanna know what it feels like to touch  
Something so pure, something I'm so sure of  
What it feels like to stand outside your door I'm unworthy, I can see you're above me  
But I can be lovely given the chance Don't move  
I wanna remember you just like this  
Don't move  
It's only a breath or two between our lips I know why you left, I can't blame you myself  
Must be hard living with ghosts and such an empty shell  
I tried to warn you, I've been a mess since you've known me  
I can't promise forever but I'm working on it If I can't hold you  
Can I give you a kiss?  
Can I have a kiss? I see that you're torn  
I've got some scars of my own  
Seems I want what I know  
Is gonna leave me hungry Don't move  
I need to remember you just like this I know why you left, I can't blame you myself  
Must be hard living with ghosts and such an empty shell  
I tried to warn you, I've been a mess since you've known me  
I can't promise forever but I'm working on it If I can't hold you  
Can I give you a kiss? Can I? All I have, all I can give to you I will  
Just promise this  
If I can't have forever  
Can I have a kiss? Kiss, kiss No, I know why you left, I can't blame you myself  
Must be hard living with ghosts and such an empty shell  
I tried to warn you, I've been a mess since you've known me  
I can't promise forever but I'm working on it If I can't hold you  
Can I give you a kiss?  
Can I give you a kiss?  
Can I? Can I?  
Can I have a kiss?
