

# Puddle in the Dirt

[Kt Mulholland](#)

We took a chevy on the freeway  
Drove her straight into the west coast  
I took a shower in the ocean  
Whispered a secret to my daddys ghost  
She tells me things I didn't ever wanna know  
She makes it feel so good it hurts  
She takes me places that I never thought I'd go  
Then he chews me up and spits me out  
And there I lay, a puddle in the dirt  
Whoa oh oh oh oh yeah  
Whoa oh oh oh oh no  
They tell us slow oh oh oh down  
But I? But I gotta just go oh oh oh oh  
I hitched a ride back to her home town  
And pitched a tent there on her daddy's porch  
He said he gonna call the police  
I didn't worry cuz he ain't the sort  
I told him, honest I ain't leaving here alone  
I need my baby by my side  
You got her locked up in your castle made of stone  
But just you wait, one of these days that girl of yours?  
She's gonna be my bride.  
Whoa oh oh oh oh yeah  
Whoa oh oh oh oh no  
They tell us slow oh oh oh oh down  
But I? Well I gotta just go oh oh oh oh  
We had the wedding on a Monday  
Then flew Atlantic to our paradise  
You caught a bug and spent it sleepin  
I called your mama for some good advice  
She said my god she never told you?  
Ill hop a plane and help her break the news  
Now go on honey give her your time  
Cuz as for her she ain't got much to lose  
I held my breath and went a'runnin to her bed  
I saw the truth there in her eyes  
I knew it then, even though not a word was said  
So I crawled on in, and held her close, and swallowed hard  
The tears I couldn't cry.

Whoa oh oh oh oh no  
Whoa oh oh oh oh yeah  
They tell me go oh oh oh on  
But I? But I know it ain't fair air air air air  
We had you buried in the backyard.  
Under a willow tree you called your "fort."  
I stayed there right until the sun fell  
Then drank my sorrow as a last resort.  
You left before I had accepted you would go...  
I guess at least it didn't hurt?

You showed me something that I shouldn't have to know, And now there they are, my stubborn tears, they  
water you Like puddles in the dirt.

Whoa oh oh oh oh yeah  
Whoa oh oh oh oh no  
They tell us slow oh oh oh down  
But I? but I gotta just ...  
Whoa oh oh oh oh yeah  
Whoa oh oh oh oh no  
They tell us slow oh oh oh down  
But I? but I gotta just ...  
Whoa oh oh oh oh yeah  
Whoa oh oh oh oh no  
They tell us slow oh oh oh down  
But I? but I gotta just ...
