

Every Little Thing (Barna Soundmachine Edit)

Chaka Khan

I'll take every little thing I do
And give it up, give it all up for you
I mean every little thing, it's true
Give it up, give it all up for you Busy, I'm so busy
Climbing higher, moving further every day
I gotta keep going, don't you know it
I can't let sentimental feelings in the way But there comes a time
When you want to share your heart
Give up everything
And just lose yourself in love I'll take every little thing I do
And give it up, give it all up for you
I mean every little thing, it's true
Give it up, give it all up for you Keep up with the Jones
If they got it then you need it right away
The grass ain't greener, you'll discover
When you're lonely it don't get better anywhere 'Cause there comes a time in my life
When I want to share my heart
Give up everything
And just lose myself in love I'll take every little thing I do
And give it up, give it all up for you
I mean every little thing, it's true
Give it up, give it all up for you Giving you everything
About to give up everything
Giving you everything Giving you everything
Good timing is everything
And right now I'm here for you
I'll turn the lights down baby
And lock the door for you I'll take every little thing I do
And give it up, give it all up for you
I mean every little thing, it's true
Give it up, give it all up for you I want to make love with you tonight
Do you wanna, do you wanna, do you wanna do-do you wanna? I'll take every little thing I do
And give it up, give it all up for you
I mean every little thing, it's true
Give it up, give it all up for you I'll take every little thing I do
And give it up, give it all up for you
I'll take every little thing I do
Give it up, give it all up for you
I'll take every little thing I do

Give it up, give it all up for you
I'll take every little thing I do
