

I Was Beautiful When I Was Alive

Teenage Fanclub

What if I could sail away
From this island of imagined yesterdays
What if I could fly away
I'd be flying higher than high Because I was beautiful when I was alive
Going to close my eyes Sail on through imagination
I don't expect no explanation I was beautiful when I was alive
Open up my eyes I was beautiful when I was alive
Beautiful when I was alive
What are you going to do
What are you going to do about it
What are you going to do
What are you going to do about it
What are you going to do
What are you going to do about it
What are you going to do
What are you going to do about it
What are you going to do
What are you going to do about it
What are you going to do (I'm not selling out)
What are you going to do about it (My imagination)
What are you going to do (I'm a citizen)
What are you going to do about it (Of the human nation)
What are you going to do (I'm not selling out)
What are you going to do about it (My imagination)
What are you going to do (I'm a citizen)
What are you going to do about it (Of the human nation)
What are you going to do (I'm not selling out)
What are you going to do about it (My imagination)
What are you going to do (I'm a citizen)
What are you going to do about it (Of the human nation)
What are you going to do (I'm not selling out)
What are you going to do about it (My imagination)
What are you going to do (I'm a citizen)
What are you going to do about it (Of the human nation)
What are you going to do (I'm not selling out)
What are you going to do about it (My imagination)
What are you going to do (I'm a citizen)
What are you going to do about it (Of the human nation)
