And Oceans

Opulent kinetic sculptures
Visualized voices in motion
Plastic puppet pictures
Audial dances distortionDead stars, dead stars
Oh yes we are dead stars inwardsI am the pulse of achromatic idols
The fix of cyclic icons
In the land of nod
The orb of angels
And the horns after gods
Adored through a needleOpulent kinetic sculptures
Visualized voices in motion
Plastic puppet pictures
Audial dances distortionDead stars, dead stars
Oh yes we are dead stars inwardsIn the land of nod
The orb of angels
And the horns after gods
Adored through a needle
