On Fire

Van Halen

Turn your radios on
I'll appear right there, yes I will
Turn me up real loud
I'm in your ears
Now I'm hanging ten now baby
As I ride your sonic, wave
Good God y'all
I'm on fire
I'm on fire
I'm on fire
I'm on fire
Oh yea
One time
Fire
Fire
Fire
Lay your bodies down
I'm in your beds, your beds
Throw your headphones on
I'm in your heads
Now I'm hanging ten now baby
As I ride your sonic, wave
Good God y'all
I'm on fire
I'm on fire
I'm on fire
