Were You Ever Wanted

Royksopp

Were you ever wanted,were you ever needed?
were you ever wanted,were you ever needed?
Were you ever wanted? Does your mother love you?
Were you ever wanted? Does your father care?
Annie wont you come and meet me
where the neon lights are shining,
Annie wont you dance behind me,don't give up let music save you,
Annie have you ever felt the need of someone else to see you?
Annie come here don't you worry, we are here for you to lean on...
Were you ever wanted,were you ever needed?
were you ever wanted,were you ever needed?
Were you ever wanted? Does your mother love you?

Were you ever wanted? Does your father care?
Annie don't you feel abandoned, we are here to soothe your sorrow
Annie have I ever told you, live today there's no tomorrow
Annie did you reconsider just because your daddy told you,
Annie don't you listen to him, just give in and feel the rhythm
Were you ever wanted,were you ever needed?
were you ever wanted,were you ever needed?
Were you ever wanted? Does your mother love you?
Were you ever wanted? Does your father care?
