Anything But Love

Squirrel Nut Zippers

I sing a song about clouds and rainbows
I hum a tune that sings like a dove
Rhyme some words about anything
Anything but loveI paint a picture of my prison
With blue and gray for the skies above
Framed and signed with the title
'Anything but love'He had to go but I won't miss him
I have got better things to do
Like writing stories and painting pictures
Of anything but loveI write a story about a couple
Steal a plot from an old movie
You can tell what inspired it
Oh, anything but loveHe had to go but I won't miss him
I have got better things to do
Like writing stories and painting pictures
Of anything but love, of anything but love
Anything but love
