Ex Lover

Friendly Fires

Would you give it all?
To take you back when
I know it's been so long
Since you felt the same
You're all I need, you're all I need
You're all I need, you're all I need
When you touch the lips
And not forget to kiss
To hold me in your arms
And never let go

You're all I need, you're all I need
You're all I need, you're all I need
To hold me in your arms
And never let go
You're all I need, you're all I need
You're all I need, you're all I need
You're all I need, you're all I need
