You looking good in them guess's shawty showing yo ass
Make a nigga wanna grab a hold of yo ass
Strip you out yo couchie dress and hit the flo' wit yo ass

The way you bouncin' on my dick and grindin' slow wit yo ass
Hit the VIP wit me I po' some moe' fo yo ass
Just so I can see you right here bouncin' yo ass
If I leave the club wit something rather go wit yo ass
Them other broads fine but you a pro wit yo ass
When I see u poppin' and droppin' I know it's yo ass
In a crowd full of hoes I would notice yo assA now a thug done chose
And I don't give a damn if the club done closed
Get the DJ a dub tell him spin one mo
So I can finish watching you poppin' yo

So if ya wit it holla, do it baby, stick it babyI made this song to let you know shit that I see ya
When you workin' dat ass, make a nigga think later on he gone
Be twerkin' that ass and I can tell by the way you throw it back
It ain't no hurting dat ass and ain't no room for nothing else but
That skirt but that ass, the jiggling shawty, got a nigga shivering shawty
And if you don't know what to do wit you better give it here shawty
Put a bend in her back, I'm throwing the dick she giving it back
I tell her if you ever give me dat ass I ain't giving it back
She bouncing her ass, later on I'm a blow a ounce wit her ass
Ride out wit her ass, cut sumethin' on the couch wit her ass
Then bounce to her pad, 'coz you know it ain't no housing her ass
'Coz since the first time I seen her, all I been thinking 'bout is her assA now a thug done chose
And I don't give a damn if the club done closed
Get the DJ a dub tell him spin one mo
So I can finish watching you poppin' yo
Shakin' yo, droppin' yo, bouncin' yo assNow all my guls say, do it baby, stick it baby
Yeah, bounce ya ass and holla, do it baby, stick it baby
Alright, a in the club say, do it baby, stick it baby
Okay, so if ya wit it holla, do it baby, stick it baby
Now all my guls say, do it baby, stick it baby
Yeah, bounce ya ass and holla, do it baby, stick it baby
Alright, a in the club say, do it baby, stick it baby
