

# Love Should

Moby

So we in sleep in bed  
We never make  
Holding close to love  
Love should fade  
Holding on to this is the best thing we'll ever do  
Morning sun is sweet and soft on your eyes  
Oh my love, you always leave me surprised  
Before my heart starts to burst  
With all my love for you I know how it rains  
I know how it  
I never could feel this way  
For anyone but you I know how it rains  
I know how it  
I never could feel this way  
For anyone but you So it takes some time  
And slip away  
Holding on to love  
Love should stay  
Holding on to you is the best thing I'll ever do  
Evening sun is sweet and soft in your face  
I never ever leave this place  
I feel my heart starts to burst  
With all my love for you I know how it rains  
I know how it  
I never could feel this way  
For anyone but you I know how it rains  
I know how it  
I never could feel this way  
For anyone but you
