

# Cut Somethin'

## Jagged Edge

JE, y'all  
Y'all know, yeah, yeah check this out  
(Cut somethin', cut somethin')  
We gonna let you in on a little Southern lingo  
(Cut somethin', cut somethin')  
Is that what they saying?  
(Cut somethin', cut somethin')  
(Cut somethin' on the low, low)  
Check it out, cut a nigga for the low, low  
Or betta cut a nigga from the so, so  
I heard you cut a nigga from the DTP, you got DDT  
From College Park to the DEC  
See we be sittin' on low pros  
Shippin' bitches in by the boatloads  
Not too many people that can see this cheese  
Better run these G's, Ludacris and the Pimp MC's, JE  
To all of y'all who don't know, let me explain  
What cuttin' is, and how it goes, gotta know the game  
'Cuz you can say the wrong thing  
To the wrong girl, with the wrong man  
Let's just say it might be a long night  
The first thing you should know, do she get down?  
Or if she's even feelin' you, is she worth your while?  
See this girl I met the other day  
She was feelin' me, I was feelin' her  
And I couldn't believe what she said  
She said, cut somethin' she looked at me I looked at her  
I said, ain't nothin' can't believe what I just heard  
She was not frontin' I like my women kind of bold  
But she was uh, uh, uh, uh, uh, uh, uh  
She said cut somethin' I'm peepin' you, you peepin' me  
So let's stop playin', said you ain't never had a girl like me  
Who make you feel like this, but we can go after the show  
Baby, cut somethin', we should cut somethin', don't be scared  
Usualy I never mess, wit' a girl who steps  
Up to me before I even, even get the chance  
Let a woman be a woman let  
A man be a man see and that's the way I like it, babe  
There's always exceptions to, to every rule

This one I had to let on in, she was hella cool  
She liked to do the things that men would really want  
This is what she said  
She said, cut somethin' she looked at me I looked at her  
I said, ain't nothin' can't believe what I just heard  
She was not frontin' I like my women kind of bold  
But she was uh, uh, uh, uh, uh, uh, uh  
She said cut somethin' I'm peepin' you, you peepin' me  
So let's stop playin', said you ain't never had a girl like me  
Who make you feel like this, but we can go after the show  
Baby, cut somethin', we should cut somethin', don't be scared  
A lot of things have changed in life  
'Cuz now women go out they be on the prowl harder than men  
I know when I figured it out, when this girl walked up  
She said cut somethin', somethin', ain't like I'm trippin' about it  
I just remember when a man could be a man, baby  
And yes, I still can't believe what she said  
Yo, she said she needed me to beat it  
And beat it, beat it, then skeet it  
She greeted with an open tongue  
With Coke and Rum, got her so excited  
She screamin' at the top of her lungs  
She just can't hide it  
I'm poppin' her gums, cock my popular gun  
Shoot, shoot, lick, lick from the head to the toes  
Head to the floor, head till there ain't no head no mo'  
Cut till it ain't no bed no mo', cut till you don't beg no mo'  
Jagged Edge, grabbin' legs, women in the mornin' scramblin' eggs  
Cookin' meals, makin' deals and I gotta tell you what she said  
She said, cut somethin' she looked at me I looked at her  
I said, ain't nothin' can't believe what I just heard  
She was not frontin' I like my women kind of bold  
But she was uh, uh, uh, uh, uh, uh, uh  
She said cut somethin' I'm peepin' you, you peepin' me  
So let's stop playin', said you ain't never had a girl like me  
Who make you feel like this, but we can go after the show  
Baby, cut somethin', we should cut somethin', don't be scared
