

# Live Like Horses (with Elton John)

Luciano Pavarotti

I can't control this flesh and blood  
That's wrapped around my bones  
It moves beneath me like a river  
Into the great unknown  
I stepped onto the moving stairs  
Before I could tie my shoes  
Pried a harp out of the fingers of a renegade  
Who lived and died the blues And his promise made was never clear  
It just carve itself in me  
All I saw was frost inside my hand  
On the night he said to me Someday  
We'll live like horses  
Free rein  
From you old iron fences  
There's more ways than one  
To regain your senses  
Break out the stalls  
And we'll live like horses We're the victims of the heartbreak  
That kept us short of breath  
Trapped above these bloodless streets  
Without a safety net  
I stood in line to join the tribe  
One more customer of fate  
Claimed a spoke in the wheel of the wagon train  
On the road to the golden gate  
On the flat dry dessert I jumped ship  
It just made sense to me  
I've spent too long in the belly of the beast  
And now I shall be free
