Watchdogs

UB40

You try to close your ears
And you try to close your eyes
But the blasphemies keep coming
Tempting you with liesGive thanks for your protection
Your watchdogs of the night
Who hold the hungry wolves at bay
And keep them out of sight, out of sightYou just don't understand it
But it strikes a distant chord
So you look for a way of escaping
And sanity's restoredGive thanks for your protection
Your watchdogs of the night
Who hold the hungry wolves at bay
And keep them out of sight, out of sightYou focus your direction
Cloak tightly pulled around
But somewhere in the distance
You can hear a haunting soundGive thanks for your protection
Your watchdogs of the night
Who hold the hungry wolves at bay
And keep them out of sight, out of sightGive thanks for your protection
Your watchdogs of the night
Who hold the hungry wolves at bay
And keep them out of sight, out of sightYou're in danger of corruption
And you're always running scared
You cannot make decisions
You're completely unpreparedGive thanks for your protection
Your watchdogs of the night
Who hold the hungry wolves at bay
And keep them out of sight, out of sight
