

# All We Do

Trey Songz

Advisory - the following lyrics contain explicit language:

Got me tied down on the way to the beach  
Four bad chicks in the middle of the street  
Roll right up and they all hopped in  
Now we in the sand having lunch on me  
Tell the girl don't let your feet get wet  
We about to grab some drinks and head to my condo  
You can be my weekend guest  
I'm in her head so I know we're bout to get started  
One thing led to the next, now she got her hands all over my body  
I ain't trying to stop and I know she with it  
I can see it in her eyes she been down from the beginning  
And she can't leave me alone cause I drive her body crazy  
I done gave her a little taste now she wanna have my babies  
Chilling in Miami and I met a little freak  
Got three bad friends and they all on me  
And me and baby girl been chilling all week  
And all we do is fuck, drink, and sleep  
Yes, all we do is fuck, drink, and sleep  
All we do is fuck, drink, and sleep  
Chilling in Miami and I met a little freak  
And all we do is fuck, drink, and sleep  
Now we on the balcony chilling  
She loving the view and we smoke  
I'm loving it too while I stroke  
Got the stars looking down on us  
Do it til the sunrise up  
Beat, beat, beat, take a drink, go to sleep  
She a freak, she can get it right up, get it right up  
Man shorty like to energize up  
She just wanna ride, she ain't never tired  
She cooking naked, eggs and some bacon  
After I eat that I treat that then eat that again, and again, and again  
I ain't trying to stop and I know she with it  
I can see it in her eyes she been down from the beginning

And she can't leave me alone cause I drive her body crazy  
I don't gave her a little taste now she wanna have my babies  
Chilling in Miami and I met a little freak  
Got three bad friends and they all on me  
And me and baby girl been chilling all week  
And all we do is fuck, drink, and sleep  
Yes, all we do is fuck, drink, and sleep  
All we do is fuck, drink, and sleep  
Chilling in Miami and I met a little freak  
And all we do is fuck, drink, and sleep  
Posted up in that 305  
Yeah you know it's just me and my freak  
All we do is fuck, drink, and sleep
