Fury of the Wild

HammerFall

Sighs
The fury has electrified my mind
Sighs
The hatred burns inside by the mark of vengeance I will grindSighs
The sound of metal falling to the ground
Sighs
By blood we will unite by blood we are forever boundVengeance calling me, oh, please set me free
The Fury of the Wild
Locked up in this cage, can't you feel the rage?
The Fury of the WildSighs
Your silence will not sanctify your crime
Sighs
When revolution calls I will be the first in lineVengeance calling me, oh, please set me free
The Fury of the Wild
Locked up in this cage, can't you feel the rage?
The Fury of the WildNow as you stand on your own with the future, face to face
Take a look at me now
Feel the fury, taste my rage
Come taste my revengeUnbent
Unbowed
UnbrokenVengeance calling me, oh, please set me free
Is the Fury of the Wild
Locked up in this cage, can't you feel the rage?
The Fury of the Wild
