

# Fury of the Wild

## HammerFall

Sighs  
The fury has electrified my mind  
Sighs  
The hatred burns inside by the mark of vengeance I will grindSighs  
The sound of metal falling to the ground  
Sighs  
By blood we will unite by blood we are forever boundVengeance calling me, oh, please set me free  
The Fury of the Wild  
Locked up in this cage, can't you feel the rage?  
The Fury of the WildSighs  
Your silence will not sanctify your crime  
Sighs  
When revolution calls I will be the first in lineVengeance calling me, oh, please set me free  
The Fury of the Wild  
Locked up in this cage, can't you feel the rage?  
The Fury of the WildNow as you stand on your own with the future, face to face  
Take a look at me now  
Feel the fury, taste my rage  
Come taste my revengeUnbent  
Unbowed  
UnbrokenVengeance calling me, oh, please set me free  
Is the Fury of the Wild  
Locked up in this cage, can't you feel the rage?  
The Fury of the Wild
