Sleep

Skrape

Come to
I need to feel
You bore me too
When you sleep too longStrange house
Same dayWhen will you fall upon your face?
When will you fall upon your face?Wake up
I dream for me
You must be high
'Cause you dare meStrange house
Next dayWhen will you fall upon your face?
When will you fall upon your face?When will you fall upon your face?
When will you fall upon your face?When will you fall upon your face?
When will you fall upon your face?
