You Naked (Jimmy Edgar Remix)

Jamie Lidell

You naked (x3)Feel it in your veins
When I met you the sound
in the room fell mute (whoa-ho-oh)
Pretty little things you say and do
They make a man go mad(Pre-Chorus)
I let her take control
I let evil take control
I let her take control
And the evening's turning physicalStay today
Stay tonight
Stay 'til our bodies burn through the cold, baby
Stay today
Stay tonightI just wanna get underneath it all(Chorus x2):
You're making me crazy
With the things that you do, you do, do, do to me tonightYou're making me crazyFeel a little sick
When I met you and I smelled your perfume
I knew it was trouble
Pretty little thing
You make a man give up on what he knew(Pre-Chorus)(Chorus x4)You're making me crazyI just wanna get
underneath it all
to see you ,,,You naked (x3)(Chorus x4)You're making me crazy
