

New York Time

Night Ranger

Traffic, 6 a.m.
New York Time
Little late, lose your job
Frame of mind I don't know
What's the score
10 to 9, take a swing
Tie it up, it's miller time Out all night
Take a run to the other side
It's all right
Don't you trip on your open mind New York Time
Gotta get away from the New York crime rave
New York Time
Yeah, I got no reason to stay
New York Time
Gotta get away, gotta get away, yeah Freak show, disco, limousines
Crime rave, not so
Fast with me Up all night
On a run to the other side
It's alright
Don't you trip on your open mind New York Time
Gotta get away from the New York crime rave
New York Time
Yeah, there ain't no reason to stay
New York Time
Gotta get away, gotta get away, yeah, yeah Someone's singing, 'Swing Low'
Wearing a halo, in another time
Today is going to be the day
I rise above it all, here I go
The sun is gonna shine New York Time
Gotta get away from the New York crime rave
New York Time
Yeah, there ain't no reason to stay
New York Time
Gotta get away, gotta get away, yeah New York Time
Gotta get away, take a run in the other side
New York Time
Don't you trip on your open mind
New York Time
Gotta get away, gonna run away, yeah
