

Babylon Wall

[Abdel Wright](#)

Have you ever wondered why you really paying tax
Vague use of the money, now it's no surprise attack
Budgeting for the war to come and all the weaponry
Yet unbelievable poverty in your rich country
Babylon wall will have to fall, Babylon wall one day
Babylon wall will have to fall, Babylon wall
Babylon wall will have to fall, Babylon wall one day
Babylon wall will have to fall, Babylon wall
President of your country, a colored will never be
Racial problems, why call it the 'land of free'
Pentagon, CIA and KKK the history
Assassination the answer when your system disagrees
Babylon wall will have to fall, Babylon wall one day
Babylon wall will have to fall, Babylon wall
Babylon wall will have to fall, Babylon wall one day
Babylon wall will have to fall, Babylon wall
